Firefighters' Activities  
Date: January 2018  
Subject: **Siren Division Participation**

The Rules Committee of the Shenandoah Apple Blossom Festival® Firefighters' Activities Committee has added a last division to the parade that will be the "Siren Division". No Sirens will be permitted in any other part of the parade except the "Siren Division". This division will consist solely of Fire and Rescue Apparatus. **Any company that wishes to participate in this division will forego the opportunity to be judged or receive an award.** There is no option for companies to have apparatus separated. Each Company's units will parade together. It is also important to note that there will be no television coverage of this Last Division of the parade.

Please use the bottom portion of this form to indicate if your company would like to participate in the Siren Division. None receipt will indicate that your wishes are to remain in the regular judged division. Please, mail the bottom portion, along with the Firefighters' and Rescue Equipment Application to:
